YOUR WEDDING. YOUR RULES.

Tradition has its place, but so does a tequila tower.

At The Baa Baa Bar, we know the best memories often come from the unexpected, and your bar should be no different. We've seen it all, from ink that fades faster than the hangover at Tattoo & Tequila Corner, to a spin of the wheel that seals your fate in a single shot.

Rules are meant to be broken.

Maybe it's a cocktail written in the stars, *The Fortune Teller's Pour*. Or a password-only serve from *The Secret Menu* (if you know, you know.)

We're here for the bold and the brilliant, the chaos and the charm, crafting the stories your guests will still be talking about long after last orders are called.

"Your bar, your story."

ONE MORE THING...

There's always room for something unexpected...

One-off moments. Playful details. Bold ideas brought to life.

From statement bars to signature sips, these aren't your standard extras.

If this sounds like a bit of you, you'll find full details in our
